Dear Parent/Carer

Art / Design Technology Department Intervention – Spring Term 2022

Rockwood Academy is offering an after-school catch-up sessions on Thursdays, 3:10pm to 4:00pm, for Year 11 Hospitality and Catering students to complete their coursework. Your child has been specially selected for this intervention. With only six weeks left to complete all coursework requirements, it is important that your child takes advantage of this interventions so that they secure the grade they deserve.

In addition to attending these sessions, students will also need to do extra work at home to ensure their portfolios are completed. Teachers will track these improvements and revise the work set. Students will be given clear instructions and equipment needed to complete that work.

Thank you for your cooperation, and together, we can ensure your child achieves their potential. Please do not hesitate to contact me if you have any queries or require further information via d.barker@corerockwood.academy or telephoning the Academy.

Yours faithfully

DR Barker

Mr D Barker
Head of Art & Design Technology
