

You are invited to the premiere of Horizons 2021

Horizons is Echo Eternal's annual commemorative event that pays tribute to survivors of the Holocaust through artistic response. It brings together partners and participants for a collaborative performance reimagined each year, through commemoration.

Join us, on the eve of Holocaust Memorial Day, as hundreds of participants from across Birmingham, Coventry, Warwickshire, Liverpool, and London demonstrate their commitment and action to inspire more people to be the light in the darkness.

A section of the film features students from Rockwood Academy, who along with staff, have put in great effort to the Echo Eternal project. If you missed the work from Rockwood Academy on their campaign day, take a look [here](#).

This year, Horizons has gained new significance. Unable to come together physically, we have instead evolved to unite in remembrance through new means with the ambition of reaching further into our communities with a call to action.
